Liability for links

Our program contains links to third-party websites over whose content we have no control. Thus we cannot be held accountable for this content. The operator of the linked sites is solely responsible for their content. At the time of linking, the sites were examined for statutory violations and it was determined at that time that the sites were operating without such violations. Without any concrete evidence of violations, an on-going control of such linked sites is not feasible. Should we become aware of violations at any time, we will immediately

remove the link in question.

Copyright
